**TRAINING2SEND**  
Acts 19:8-10

So please continue to ask the brethren to continue to pray as the situation is still the same .  
 Parents have not been able to get access to their children . For those in Kamakumba, we are hoping they will be released at the end of next month .  
 Let us keep praying none of them will be killed .  
 As for the 15 in the other village , the period for them to have been released is past . So, it has been concluded as they normally believe and say, they have been eaten by the gods of the secret society .  
 This is really a horrible situation here brother .
